COME IN...

... to the **Domaine des Claires**, the family owned vineyard situated in the heart of the ancient peninsula of Arvert.

Within this region of exceptional natural beauty, we are working with the same passion in our vineyards and oysters beds as we have for six generations.

We are the only independent winegrowers on the peninsula of Arvert who distill our own grapes. We are very proud of working on our own lands; using environmentally friendly practices, we have made great advances in the quality and finish of our fine wines.

We look forward to meeting you in person when you visit our winery.
